

Providence Family Discipleship Pathway

1. One Shared Goal /Discipleship

The church and the home partner to lead the next generation to glorify God by introducing all peoples to Jesus Christ and growing them up to love and worship Him.

2. Two Key Tools Example and Instruction

As a parent, your primary tools in the task of discipling your children are *example* – modeling the life of a disciple of Jesus – and *instruction* – regularly opening God's Word in your home.

3. Three Areas of Transformation Head, Heart and Hands

As a parent, your goal is more than imparting knowledge. It's new birth and a transformed life by faith in Christ. So, depending on the Spirit of God and the Word of God, we seek to:

- Instruct the Mind
- Inspire the Heart
- Influence the Will

4. Four Seasons of Opportunity

Guarding time to invest in your children is essential to discipleship in the home. To help you wisely steward opportunities and establish rhythms, as a church we plan to provide resources, training and encouragement for each of these seasons:

- Birth – Pre-K
- Elementary
- Middle School
- High School

5. Five Key Skills

Discipleship ultimately means belonging to and walking with Jesus. But there are things disciples do to grow in and obey Jesus. So we want to equip and train our kids in the hope that they will one day be people who are:

Bible-saturated

Praying

Singing

Serving

Sharing

6. Six Big Truths

The way we pursue this goal together is by teaching our children to respond rightly to God's life-shaping truth. So over and over we train them to:

Rejoice in God's Greatness

Listen to God's Word

Love God's People

Trust God's Son

Walk in God's Ways

Pursue God's Mission
